

**October 2018**

### **New member**

We are happy, Sharom decided to be baptized. She is a 14 year old girl, she is part of the small group of young people of the church. Our goal is to help young people like her, they need help and spiritual guidance. We are praying for wisdom of God to help us to do his work every day.

## **Training of males**

Our mission is to continue teaching the meaning of service. We trust in God and believe that it is never too early to serve Him. Two newly converted brothers are beginning to serve. We are helping them to pray and motivating them to a spiritual life close to the Lord.

## Children's program

This is a special program that begins a few months ago, we are praying to God for the program to be blessed. In October we gathered 33 children from the community, as always, gave a Bible class, they painted, played, and had a lunch. It fills us with joy to see the happy faces of children.
