

January report 2019

New member in the spiritual family

She is Aura Soza. When we met her we noticed her spiritual need. She listened attentively to the gospel of our Lord Jesus and then she obeyed him. Her joy is great, now she is a faithful member of the church, she attends Sundays and during the week. We are very happy for Aura, she is a very tender person.

Training of males

In the month of January, our brother **Wilber Paiz**, entered the Nicaraguan Biblical Institute of the churches of Christ. He began his theology training, the studies will last 4 years. Our brother is excited by this new challenge in his life. Every Saturday he will travel by bus from the city of León to Managua, the capital (110 km). It is a challenge and an investment of time. We pray for him, we know that God is forming a great minister for the benefit of his church.

Every Friday afternoon, ladies gather to converse about sacred Scriptures.

Currently the theme they study is: "Women who serve God."

They are Karla and Claudina, both are members of the church who had retired, in January they decided to restore their relationship with God. We are very happy that they are now with us.
